For almost any group or any project! Create a beautiful silk piece of artwork...a congregational tallit, a banner for your building, a chuppah for the synagogue...

Hillary will create a unique design for your group's project ahead of time, and will draw the design and prepare the silk for painting. On the appointed day, Hillary will set up the silk piece for the group and demonstrate basic silk painting techniques. She'll discuss color choices and color mixing if applicable. Participants will have an opportunity to practice before they paint on the group piece. Maximum of 20 participants at a time. For children under 16, teacher/parent must be present during the workshop. Please allow for the following schedule:

1 Hour: Hillary's set up time for silk materials.. Please have the requested number of tables, chairs, etc. ready before-hand.

3-4 hours: Group work time. For a large piece approximately 43 x 72 inches, allow about 3-4 hours, depending on the complexity of the design.

1 Hour: Clean up time. Participants are asked to help.

Space needed: Large room equipped with good lighting, about 5 six-foot tables, large sink, trash can, paper towels. Other small items may be requested.
